State Assembly

How Important Is YOUR Vote?

I am Dr. Robert Villare and I'm running for State Assembly in the 3rd District and need to ask YOU a few questions.

- **Did you vote** to have your taxes raised until they are the highest in the entire United States?
- **Did you vote** to approve oppressive regulations that drive businesses out of New Jersey?
- **Did you vote** to have your property taxes doubled?
- **Did you vote** to take casino and lottery revenues away from SENIORS for whom it was intended?
- **Did you vote** to tax each businesses \$15,000.00 for each new employee they hire causing businesses to leave New Jersey at an alarming rate?
- **Did you vote** to cut charity care by millions causing the poor and uninsured to suffer and hospitals to close?
- **Did you vote** for YOUR Insurers to cut benefits while raising your health insurance premiums?
- **Did you vote** to spend \$100 million of YOUR tax money for a parking garage and court renovation?
- **Did you vote** to pay a retired part-time commissioner a full pay pension of \$100,000.00 per year?
- **Did you vote** for this same Commissioner to leave a \$7 to \$10 Billion deficit for your children to pay off?
- **Did you vote** to spend \$30,000 per student in the Abbott School program while local outstanding school systems like West Deptford spends around \$12,000 to educate each student?
- **Did you vote** to have the worst state Medicaid program in the entire nation [California Healthcare Foundation April 2009]?

If you answered YES, you got what you voted for. **If you answered NO, then take back your government. Vote new representation. Democrat, Republican and Independent voters all suffer from failed leaders. If YOU are fed up and had enough...**

Vote Robert Villare (Doctor Bob) for Assembly.
